

Did you realise.....?

Your child starts working as soon as they come into their classroom in the morning.

If your child is just 5 minutes late every day, then they could be missing out on 25 minutes of learning a week.

Over a typical 6 week term, this would be 150 minutes - that's 2½ hours learning time! In the course of a school year (31 weeks) this would rise to 775 minutes, or nearly 13 hours!

Please help your child - get them to school on time!

Just imagine 🤔 - if you are always 10 minutes late....that could be nearly 26 hours of missed learning!
